DETAILED ACTION

1. The following is an examiner's statement of reasons for allowance: The prior art, either alone or in combination, does not disclose, nor provide any motivation to combine, the profitability calculations as recited from the independent claims, i.e. the interest revenue in juxtaposition with the other claim language. Applicant's REMARKS from the December 21, 2005 Appeal Brief are convincing with regards to these claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Corrected drawings to Figure 2 illustrating the profitability calculations formula are required. Figure 2 is the drawing figure elected by the Examiner to appear in the Official Gazette. Thus, this information must be included to more properly reflect the claim language.

3. Further pertinent references of interest are noted on the attached PTO-892.
